SEES ROSY FUTURE

Alexandria Has Prospects For Greater Commercial Activity Declares Speaker, R. E. Knight Presides.

An interesting address on "Co-operation" was delivered by Charles J. Columbus, secretary of the Retail Merchants, association of Washington before the Retail Merchants' Bureau of the Chamber of Commerce last night.

Mr. Columbus urged a spirit of get together on the part of the merchants He said Alexandria has a great commercial future before her and told his listeners that only a short time before coming to the meeting he had been greatly impressed by the business activity about the city in comparison to what it was some time ago.

Washington he declared is not a commercial city, hence Alexandria will be the workshop of the nation's capital, and he predicted other commercial enterprises for this city and said that the Washington merchants will co-operate with Alexandria in the upbuilding of the city.

The speaker congratulated the Chamber of Commerce on its splendid club rooms and he emphasized the importance of the credit bureau of that organization which he declared to b vital to any well regulated retail or ganization.

A vote of thanks was tendered Mr. Columbus for his talk. R. E. Knight presided at the meeting.

It is the purpose of this organization to have a speaker from Washington or some other city at each meeting in order to arouse interest and show the merchants what may b accomplished by co-operation.

PLANS BIG MODEL

Superintendent Foster Submits Estimates for 29 New Buildings at Lorton, Virginia.

Plans for the erection of twenty-nine permanent buildings at Lorton, Va. for the District reformatory where long term prisoners from Washington are confined, were submitted to the District Commissioners Tuesday by Charles C. Foster, superintendent of the reformatory.

The buildings would cost $382,000, and according to the plans the construction would be done by the prisoners under direction of C. B. Backus, constructing engineer.

The report estimates that 4,000,000 bricks made at the District workhouse by prisoners will be used in the proposed new buildings. They will be erected on a hill about 25 miles from Washington. Superintendent Foster plans to make the group of buildings the "world's most advanced penal colony."

Supt. Foster asked the commissioners to recommend an appropriation of $44,000 to complete the industrial railroad spur from the work house commissary to the line of the Richmond, Fredericksburg and Potomac Railroad. The report of the superintendent shows that the population of the reformatory at the close of the last fiscal year was 131, as compared with 145 on July 1, 1918.

MAY HAVE TO SCRUB

Baptist Preachers Must Have Decent Pay, or Quit, Says Editor

From the pulpit to jobs as window cleaners and street sweepers is the "step down' Baptist clergymen may be forced to take if their salaries are not increased to meet the high cost of living, declares the Rev. Curtis Lee Laws, editor of the Baptist Weekly Watchman Examiner.

"Unless the poorly paid clergy choose to suffer in want with their loved ones, or go into debt, the course open in these trying days is to quit the ministry and take some job by which they can decently support their families. It may be window cleaning or street sweeping," said Mr. Laws. "God help us that we have fallen upon a day when college and seminary graduates cannot support their families."

TO SMASH BOLSHEVISM

Farmers' Association Pledge Power of Organization to Combat Russian Ideas in America

Chicago, Oct. 9.—In addressing a zone meeting of the Mississippi Valley Association yesterday, President Harry M. Merrick, of Chicago, pledged the entire power of the organization, backed by 50,000,000 population, including 32,000,000 farmers, to smash Bolshevism and the soviet idea in this country.

"We are going to get back to the Constitution of the United States as interpreted in the light of the ten commandments," shouted Mr. Merrick, after telling of the great growth of the farmers' organizations in the valley. "We are going to get away from the individualist quacks and political self seekers and return to government by law instead of government by force in mass form."

"We are going to stand by the Constitution and see to it that it is maintained by each man and every man no matter who he is. We are going to see to it that the soviet and what it stands for is smashed so flat you can't pick it up with a scoop shovel."

WIFE GETS DIVORCE

Mrs. C. N. Vanderbilt Obtains Decree Without Protest and Has Custody of Daughter

Newport, Oct. 9.—Mrs. Cathleen Neilson Vanderbilt obtained from Judge Doran in the Superior Court here a decree of divorce from her husband, Reginald C. Vanderbilt, on the ground of desertion.

The custody of the child is given to her mother. Nothing was said during the hearing in regard to alimony. It was understood, however, that prior to the filing a petition by Mrs. Vanderbilt there had been a liberal settlement made by Mr. Vanderbilt on his wife for herself and for their daughter.

The divorce decree will become final in six months, when Mr. and Mrs. Vanderbilt will be free to marry again if they so desire.

Mrs. Vanderbilt deposed that she was married in Newport on April 14.

In 1912, she declared, her husband went to Europe and neglected her on every possible occasion. She charged that he left her stranded in Paris without money or tickets and refused to let her sail on the same steamship with him.

LABOR SECTION PROPOSALS READY

Industrial Body Prepares to Act on Problems Affecting Domestic Peace

PUBLIC AGENTS BUSY

Will Submit Plans for Permanent Federal Wage Adjustment Machinery

Washington, Oct. 9.—After three days spent in organization, the industrial conference called by President Wilson will come to a showdown tomorrow on the business to be transacted.

Only a brief session was held today, adjournment being taken to permit the groups representing capital, labor and the public, to formulate such suggestions and proposals as they wish to submit for consideration. None was ready for submission today except the preamble of a resolution to be introduced by Charles S. Barrett, of Georgia, representing the farmers' union.

The resolution will demand a comprehensive national agricultural policy. The peramble asserted the farmers were not being given due consideration in the present conferenece and the failure of any attempt to settle national questions without the consent of the agricultural element of the population was predicted.

ATTEMPT TO BLOW UP PLANT.

Time Bomb Explodes and Tears Big Hole in the Roof of Pittsburgh Building

Pittsburgh, Oct. 9.—An attempt was made to wreck the plant of the American Sheet and Tinplate Company at McKeesport, early yesterday when a missile believed to have been a bomb was thrown on the shipping department building.

It exploded tearing a large hole in the roof of the structure. No one was injured.

The police believe the explosion was caused by a time bomb placed upon the roof of the building.

Workmen on the night shift at their posts directly under where the missle exploded fled in terror when the explosion occurred, and bits of shattered wood and glass were hurled in all directions.

Foreign residents of the district, panic stricken, rushed from their homes into the streets. The report of the blast could be heard for blocks and attracted hundreds of persons to the scene.

Although several hundred mill guards and police were rushed to the plant immediately after the explosion, no trace of the persons or person responsible for the blast could be found.

Pentrost, of Philadelphia, one of the speakers before the annual convention of the State Sabbath School Association in Wilkes Barre this week. Dr. Pentrost declared his belief to be that the Puritanical laws have resulted detriment-Asking too much. he said, they were impossible of enforcement and the laxity they required has let down the bars to the continental Sabbath.

AVIATORS KILLED

Three Fatalities in Transcontinental Flight

New York, Oct. 9.—Three fatalities and numerous lesser accidents marked the first day of the great transcontinental air derby over a course of approximately 5,704 miles, between New York and San Francisco.

The victims in yesterday's crashes were Sergt. W. H. Nevitt, Mayor D. H. Crissey and Virgil Thomas. Sergt. Nevitt was an observer on the plane piloted by Col. Gerald Brant, which crashed from a height of forty feet in trying to make landing at Deposit, N. Y. Nevitt was caught under the motor and died shortly after reaching the hospital. Col. Brant also was seriously injured.

Major Crissey and Sergt. Thomas were instantly killed when their plane fell 100 feet at Buena Vista landing field, near Salt Lake City.

Assistant Secretary of War Crowell had a narrow escape when the machine in which he went up with Lieut. Cleary left 150 feet at Roosevelt Field. Neither was hurt, however, and Mr. Crowell said, although it was his first flight, he would try again.

Lieut. D. E. Gish's plane caught fire and was forced down at Candice, N. Y., Lieut. Gish and his passenger, Capt. de Lavergne, aviation attache of the French Embassy, landed safely.

CHARGE NEW YORK REDS

Police Charge Several Thousand Radicals in Fifth Avenue

New York, Oct. 9.—Heads were broken on Fifth avenue yesterday, when mounted police charged a mob of several thousand radicals who attempted to parade up the avenue without a permit. Banners, which bore a number of incendiary slogans, were confiscated by the police, and half filled a patrol wagon. A number of arrests were made. The police said the parade was organized by a Russian newspaper published here, entitled Novi Mir.

Devices on the banners read: "Bloody hounds of Russia!" "Report us all to the soviets!" "You want to give us democracy, but keep it to yourselves!" and "Open the jails!"

The riot started after the procession had gone only two or three blocks. Refusing the request of a policeman to see their permit for the parade, the officer was forced to call for aid, and before the melee ended the services of a score of mounted policemen and 50 reserves were required. The mounted officers charged into the crowd, and 100 or more of the paraders were injured.

Four men and a young woman, all of them aliens, were taken to police headquarters from the headquarters of the Russian soviet bureau by detectives from the "bomb squad." Considerable radical literature was said to have been found on them, but they were not placed under arrest.

The police detained them pending an opinion from the district's office as to whether they could be held for distributing bolshevik literature. A fifth man who gave his name as Anthony Toneleski, was arrested by detectives later as one of the ringleaders.

PRESIDENT IS MUCH BETTER

Passes a Very Comfortable Night, Is The Report

GROWING IMPATIENT

Physician's Requirement That He Refrain From Work Causes Patient To Change Under Restraint.

President Wilson passed a very comfortable night and felt better when he awoke this morning, according to unofficial information at the White House.

Dr. Cary T. Grayson intended to let him sit up in bed at intervalls, as he did yesterday, if examination showed he has maintained the slight but steady gains in strength and nervous energy which were noted during the last few days.

"The President passed a very good day," said Grayson's night bulletin, 'but there has been no decided change in his condition."

A slackening of the tension at the White House was, however, easily noticeable. Mrs. Wilson, for the first time since her husband became seriously ill, left the Executive Mansion and went for an automobile ride. Some members of his family are returning to their homes for a few days, but the understanding is they will come back to the White House next week.

Dr. Grayson added last night that the day had been a good one for the President, "but not so good for me." The patient is growing very impatient at the physician's requirement that he refrain from work, and as he improves it becomes harder to hold him to the complete rest which the physicians prescribe.

THE OUTSIDER

The Good Book tells us to be content with our wages, but, unfortunately, the great majority cannot adopt this injunction; hence the titanic struggle now in evidence in this world. It is different to induce all men to await a time with patience when all will be well with them. Discontent is a universal distemper, and pictures which often appear in newspapers tend much toward spreading this chronic epidemic.

We gazed at a suggestive cartoon today in one of our exchanges: A forlorn looking individual, representing the salaried man, was gazing through a window into a luxurious room in which two men, representing capital and labor, were engaged head to head and apparently in good humor. The outsider is meditating on the fact that the time has come when the man carrying the hod, or the street sweeper commands almost twice the salary he is receiving. While prices of the necessaries of life are at the high water mark, and wages of all other classes are soaring, the humble salaried man, attired in speedy apparel, is anticipating the approach of winter without the slightest sign of relief for him in sight.

We are told not to be murmurers nor complainers, but strive to rise superior to the many obstacles we meet in the road of life.

But all are human, and the percentage of men who are willing to do their best and take life as it comes is very small.

Ministers of the gospel, professors, school teachers and many others who are ignored in the movements for higher wages look in the windows of the Pan-American building where the labor conference is being held. They are outsiders; their interests will not be discussed, and they will be compelled to return to their crusts and garrets. Possibly an object lesson is intended—"here is the patience and the faith of the saints."

ALL MUST WORK

Much comment is caused over the fact that the Germans today are underselling the British in their own capital, as well as in all countries contiguous to the Fatherland. The newspapers are forced to admit the reason—the Germans work and increased production follows:

When the children of Israel were allowed to return to their own land after having been kept seventy years in Babylon we are told that the walls of Jerusalem were builded because the people had a mind to work.

The words of the New York Sun at this time are applicable to our country:

"The man who won't work or doesn't work his best hasn't a chance on earth against the man who will and does. The nation of industrial quitters or slackers can never stay in the world's trade race with the nation of hard workers.

"Unless the workers of the United States get on their jobs and stay on their jobs, putting in the stiff licks which won for them the industrial and commercial supremacy of this earth, they are going to lose it. They did not win it by luck. They won it by pitching into any work they had to do it with all the power that was in them. They won it by scoring a bigger and better production, man for man, industry for industry, than other peoples and other nations were scoring or were able to score.

"This isn't the American tendency today. There isn't the American drive for quicker and bigger output, the creation of more wealth as a day's effort—wealth to be divided among the creators of it. There is a drift toward few working hours and mighty little done, by way of either quantity or quality."

PRISON TERMS FOR HAZING

A Virginia jury has sentenced one student to a year in the penitentiary and two others to six months and thirty days in jail, respectively, for participation in a hazing episode at the Virginia Polytechnic Institute last spring. The subject of the hazing testified that paralysis of his spine was caused by a beating which he received at the hands of the other men, then sophomores at the school. This is the severest penalty, says an exchange, that has followed a case of hazing. Usually the freshman to some extent sanctions the actions of the upper classmen in hazing him; he practices reprisals; and both sides accept it as a part of college life. But even this does not excuse the employment of brutal methods in putting the newcomer in his place. These all too often lead to serious injuries; and they are totally unjustified. There are subtler and more gentle methods of expressing class rivalry; and students who have employed them testify that there is quite as much satisfaction to be gained by making freshmen wear green caps and say "sir" as there used to be in throwing them into the fountain—and sometimes getting dragged in, to boot.

POLICEMEN ARRESTED

Two Members of Baltimore Motorcycle Force Accused of Having Staged Hold-ups.

Baltimore, Oct. 9.—Bail of $10,000 was fixed by Justice Johannsen in Central Police Court yesterday in the case of Motorcycle Patrolmen Joseph Schafer, 284 years old, 2724 West Baltimore street, and George L. Marburger, 28 years old, 2225 Wilkens avenue, alleged to have used their positions as policemen to stage hold-ups. The men were charged with highway robbery and Marshal Carter acted as chief prosecuting witness. It is said that Marburger turned States witness. They will be given a further hearing on October 18.

On account of the seriousness of the charges, Marshal Carter went on the stand at the hearing and requested the magistrate to fix a heavy bail for each of the accused. During the intervening 10 days an investigation will be made and it is believed that other charges will be found against them.

The men were arrested yesterday afternoon and were stripped of their equipment. Both were unable to obtain their bail and were remanded to jail.

The escapades of the two policemen are said to the worst offenses ever committed by uniformed men in Baltimore. Both protested their innocence, but several witnesses in Marshal Carter's office identified the two men as the ones who figured in the hold-ups of which they were victims.

TORTURE AND KILL WOMAN

New York, Oct. 9.—Police of this city and of Westchester county are hunting for the robbers who brutally murdered Mrs. Elizabeth Nizsnick, 37 years old, of Yonkers, in an attempt to rob her of $10,000 she was known to have possessed. The money was found on deposit in different banks.

It is the theory of the police that the murderers believed the woman had a large sum of money in the house and, failing to make her tell where it was hidden, killed her.

The body of Mrs. Nizsnick was discovered by George Grinier, a boarder, on entering the apartment Tuesday night. He called in a neighbor, a woman from an adjoining flat. Liberty bonds, worth $1,000 and $200 in cash had been taken.

The robbers had evidently tortured their victim for some time before her death, which was due to strangulation by cords twisted around her neck, and not by asphyxiation, although a gas tube had been adjusted to her mouth and turned on full force.

The victim was lying face down, fully dressed on a bed. The room was filled with gas. A towel was twisted around her neck and an apron tied about her head. Several strings were found twisted around her throat under the towel. Her left hand was bound to the bed by a handkerchief and her right by a necktie, and her feet were bound to a bed post by a sash cord.

BLOCKS VOTE ON SHANTUNG.

Senator Lodge Fails to Get Unanimous Consent to Fix Final Date for Consideration

Washington, Oct. 9.—On objection of Senator France (Republican) of Maryland, Republican Leader Lodge failed yesterday to obtain unanimous consent to fix next Wednesday for final consideration of the Shantung amendment to the peace treaty. Senator Lodge had explained that with the number of Senators desiring to speak it would be imossible to take up the amendment for final consideration this week.

Senator Hitchcock, of Nebraska, Administration leader, in the treaty fight, joined Senator Lodge in the request, although expressing a strong desire to have the Senate vote Wednesday.

A sharp attack on Senate delay in disposition of the treaty was made by Senator Underwood (Democrat) of Alabama, who declared Senators should make their personal engagements conform to the business of the country.

"If the treaty is going to be ratified, it ought to be done now," Senator Underwood said, "and if it is to be amended, the sooner it is done and the treaty sent back to Europe the better."

A RESOLUTION proposing amendment to section 117 of article 8 of the Constitution of Virginia, and providing for publishing said amendment and certifying the same to the next general assembly.

Resolved by the senate and the house of delegates (a majority of the members elected to each house agreeing thereto), That the following amendment to the Constitution of Virginia be, and the same is hereby, proposed and referred to the general assembly to be chosen at the next general election of senators and members of the house of delegates, for its concurrence, in conformity to the provisions of section one hundred and ninety-six of article fifteen of said Constitution, namely:

Strike out from the Constitution of Virginia section one hundred and seventeen, which is in the words and figures following, to-wit:

Section 117. General laws for the organization and government of cities and towns shall be enacted by the general assembly, and no special act shall be passed in relation thereto, except in the manner provided in article four of this Constitution, and then only by a recorded vote of two-thirds of the members elected to each house; and except also in the case of cities having more than fifty thousand inhabitants, as hereinafter provided. But each of the cities and towns of the State having at the time of the adoption of this amendment a municipal charter may retain the same, except so far as it shall be repealed or amended by the general assembly; provided, that every such charter is hereby amended so as to conform to all the provisions, restrictions, limitations and powers set forth in this article, or otherwise provided in this Constitution.

Notwithstanding, however, anything in this article contained the general assembly may, by general law or by special act (passed as prescribed in article four of this Constitution), depart in any respect (except as otherwise in this section expressly provided) from the form of organization and government prescribed by this article for cities and towns, and may provide, from time to time, for the various cities and towns of the Commonwealth such form or forms of municipal government as the general assembly may deem best; but no form or forms of government authorized by the second paragraph of this section shall become operative except as to such cities or towns as may thereafter adopt the same by a majority vote of its qualified electors at an election to be held as may be prescribed therefor by law. All the limitations on the powers of the councils of cities and towns imposed by this article shall apply in like manner to the principal legislative authority under any form of government which may be authorized hereunder. The term "council" as used in section one hundred and twenty-five and one hundred and twenty-seven of this Constitution shall be construed to include the body which, under any form of municipal government, shall be vested with the principal legislative authority of such municipality.

The general assembly, for the purpose of this article, may classify cities according to their population, but the maximum population prescribed for any class shall exceed the minimum population for the same class by at least ten thousand. The general assembly, at the request, made in manner which may be prescribed by law, of any city having a population of over fifty thousand inhabitants, may grant a special form of government for such city.

Any laws or charters enacted pursuant to the provisions of this section shall be subject to the provisions of this Constitution relating expressly to judges and clerks of courts, attorneys for the Commonwealth, commissioners of revenue, city treasurer and city sergeants.

And insert in lieu thereof the following:

Sec. 117. (a) General laws for the organization and government of cities and towns shall be enacted by the general assembly, and no special act shall be passed in relation thereto, except in the manner provided in article four of this Constitution, and then only by a recorded vote of two-thirds of the members elected to each house. But each of the cities and towns of the State having at the time of the adoption of this Constitution a municipal charter may retain the same, except so far as it shall be repealed or amended by the general assembly; provided, that every such charter is hereby amended to conform to all the provisions, restrictions, limitations and powers set forth in this article, or otherwise provided in this Constitution.

(b) The general assembly may, by general law or by special act, (passed in the manner provided in article four of this Constitution), provide for the organization and government of cities and towns without regard to, and unaffected by any of the provisions of this article, except those of sections one hundred and twenty-four, one hundred and twenty-five, (except so far as the provisions of section one hundred and twenty five recognize the office of mayor and the power of veto) one hundred and twenty-six, one hundred and twenty-seven and one hundred and twenty-eight of this article and except those mentioned in sub-section (d) of this section. The term "Council" as used in any of said sections shall include the body exercising legislative authority for the city or town, and all ordinances enacted and resolutions adopted by such body shall have the same force and effect for all purposes, as if enacted or adopted in accordance with the provisions of section one hundred and twenty-three of this article. But such organization and government shall apply only to such cities or towns as may thereafter adopt the same by a majority vote of those qualified voters of any such city or town voting in an election to be held for the purpose, as may be provided by law.

(c) The general assembly, at the request of any city or town made in manner provided by law, may grant to it any special form of organization and government authorized by sub-section (b) of this section, and subject to all of the provisions of that sub-section, except that it shall not be necessary for such city or town to thereafter adopt the same.

(d) Any laws or charters enacted pursuant to the provisions of this section shall be subject to the provisions of this Constitution relating expressly to judges and clerks of courts, attorneys for the Commonwealth, commissioners of revenue, city treasurers and city sergeants.

(e) Any form of organization and government authorized by any provision of this section which may have been adopted heretofore by any city or town pursuant to any act of the general assembly enacted before such provision became effective, and which is now in operation, is hereby declared legal and valid ab initio, and shall have the same force and effect as if it had been authorized by this Constitution at the time of its adoption.

A RESOLUTION proposing amendment to section 133 of article 9 of the Constitution of Virginia.

Strike out from the Constitution of Virginia section one hundred and thirty-three of article nine, which is in the following words:

Section 133. Each magisterial district shall constitute a separate school district, unless otherwise provided by law. In each school district there shall be three trustees selected, in the manner and for the term of office prescribed by law.

And insert in lieu thereof the following:

Section 136. Each county, city, town if the same be a separate school district, and school district is authorized to raise additional sums by a tax on property, not to exceed in the aggregate in any one year a rate of levy to be fixed by law, to be apportioned and expended by the local school authorities of said counties, cities, towns and districts in establishing and maintaining such schools as in their judgment the public welfare may require; provided that such primary schools as may be established in any school year, shall be maintained at least four months of that school year, before any part of the fund assessed and collected may be devoted to the establishment of schools of higher grade. The boards of supervisors of the several counties, and the councils of the several cities, and towns if the same be separate school districts, shall provide for the levy and collection of such local school taxes.

THEATRES

INGOMAR THEATRE

In "A White Man's Chance," J. Warren Kerrigan's initial Robert Brunton screen feature for W. W. Hodkinson distribution which comes to the Ingomar Theatre tonight.

The noted stage hero is seen in a novel role. One might say in a Spanish role, but as a matter of fact he is first seen as a young American lawyer, Donald Joseph Blenhorn. It's a matter of camouflage, gorgeous costume, wicked little mustache, hauteur and all.

The disguise, which he uses for the purpose of making a legal investigation, brings about a really remarkable plot situation.

RICHMOND THEATRE

At the Richmond Theatre tonight Mitchell Lewis will be seen in a story of the great northwest "The Faith of the Strong." A Harold Lloyd comedy will also be shown.

The Call of the MOOSE

Official Organ of Alexandria Lodge No. 1076 Loyal Order of Moose

OCTOBER 9, 1919.

Moose Membership Increasing Rapidly

On Wednesday, Oct. 1st. The Moose Headquarters located at 216 King street was opened for business. Advertisements were placed in the papers, a large Moose Sign was erected in front of the headquarters, placards were distributed and by Friday afternoon the organizer was ready for business.

As soon as it became known that membership was invited, the rush began. The Supervisors desk was piled up with correspondence while from 10 to 50 persons called each day to make enquiries regarding this progressive order.

They were told that the Moose was the richest and third largest Fraternal and benificial order in the world, that its membership totaled to date 650,981, and boasted of a total of over 1,600 homes or Lodges. It was explained to all that Mooseheart, the school that trains for life situated 35 mies from Chicago on an estate containing a 1114 acres of land and was purchased by the Loyal Order of Moose for the purpose of caring for and educating the children of the departed Moose.

As a result of our efforts this week we have over 50 applicants and it is expected that by next Monday the total will be over 75 for initiation.

The charter is open for a limited time with an initiation fee of $6.00. Dues $11.00 a year. or $2.75 quarterly. Benefits for sickness or accident $9.00 per week and at death $100 also the privileges of Mooseheart. For a fraction over 75 cents per month you protect your self and your whole family against sickness and death Call at my office and make application for membership. Information gladly given.

To Our Patrons

Alexandria, Va., June 2, 1919.

In line with our progressive banking methods, and to meet the demands of our patrons, we are installing on July 1st, an up-to-date Safe Deposit Department, under the personal supervision of one of our officers.

This has been made necessary from the fact that a large number of our depositors owning Liberty Bonds and other securities desire a safe place for their keeping.

It is our plan to enlarge the number of Safe Deposit Boxes, and make a rental charge to meet the operating expenses of this Department. This charge will become effective July 1st, 1919, and a bill will be sent out at that time to the holders of boxes, and if any desire to make any change we will be glad to have them call before the bills are rendered for the ensuing year.
